Amendment to the Specification:

On page 5, please replace the first full paragraph with the following rewritten paragraph:

--Describing in further detail, the conductive pattern members 11 are each in the form of a metal plate having a high elastic modulus and a small thickness dimension and formed into a pattern shape. As a metal material of the conductive pattern member 11, use is made of at least one kind of nickel, a nickel alloy, nickel based alloys sold under the trademark MONEL ~~Monel~~, nickel panadium palladium, copper, phosphor bronze, and the like.--
